www.britishrowing.org**What Will Happen?**

If you contact Children's Services, we will make an assessment of the situation. If possible, we will arrange support for the family so that the child can stay within the family safely. On a few occasions this is not possible and so alternative arrangements will be made. However Children's Services will always try to maintain the child's contact with the family so long as this is in the child's interests.

If you contact the Police in Wokingham or Oxfordshire they will consider if a criminal act has taken place, and they will usually contact Children's Services.
