Please Note

- 1) Please boat quickly to avoid inconveniencing your fellow competitors. You only have a minute and a half to get away
 - Latecomers or anyone faffing may not be allowed to boat.
 - Ensure your boat is adjusted before joining the queue for the rafts.
 - Take your blades with you when you boat (!) – i.e. ensure you can reach them easily from the raft.
- 2) Please listen to the marshals – they may direct you to a specific landing stage.
- 3) All crews must proceed to the start on the Bucks (far) side of the river. Boats leaving the rafts after the Division start time must cross to the far side immediately and keep a lookout for crews racing and any other river traffic.

Enjoy the race!
